

## LMUN 2020 AWARDS

The Lagos Model United Nations (LMUN) acknowledges the hard work undertaken in preparation for the conference by both delegates and our volunteer staff. Though the physical simulation itself was not able to take place due to the restriction of gatherings in response to the COVID-19 pandemic. LMUN thanks all delegates for the commitment to global citizenship demonstrated by their participation in the virtual conference. We look forward to their leadership as the world faces new and ongoing issues when the current crisis wanes.

**Philosophy:** LMUN advances understanding of the UN and contemporary international issues and has positively impacted the lives of numerous delegates. We urge all delegates to maintain an appropriate perspective regarding the awards. No one can observe every action in committee or truly judge an individual's learning and growth. The fundamental basis of the simulation is collaboration and cooperation among nations, which includes working together through multilateral diplomacy. There are no winners and certainly no losers in this process. We believe participation in the simulation is its own reward.

**Criteria:** The Secretariat uses established [awards policy](#) to select award recipients. Each element – remaining in character, participating in committee, and proper use of the rules of procedure – is equally important to the overall awards determination process. All committees are weighted equally and delegations are rated on a mathematical formula in relation to the total number of committees represented by the individual Member State.

**Types:** All awards are listed based on committee but in no particular order (not ranked).

1. Overall Delegate Awards (Outstanding, Distinguished, and Honorable Mention) are based on work at LMUN
2. Position Paper Awards are given to recognize pre-conference preparation.
